We hereby confirm that the production of your V-Label certified products complies with the requirements of the V-Label Guidelines. This confirmation has been prepared based on a valid license agreement with ProVeg International and audit at 12 February 2019 at the production site *Mönchengladbach*. The confirmation on its own does not authorize the use of the V-Label and does not replace the V-Label license certificate and the product releases by ProVeg International. The confirmation loses its validity as soon as your contract ends with the signer ProVeg International and is valid until 12 August 2020 .
